

FORMER PASTOR'S PLATONIC LOVE

Rev. Victor E. Southworth
Gets Much Notoriety.

HE INFATUATES A PRETTY
YOUNG WIDOW.

She Deserts Her Parents' Home to
Live in the Preacher's Household—
Rejected by His Scandalized Church,
the Reverend Gentleman and Widow
Kiss the Abandoned Wife Good-bye
and Start for Denver.

Victor Emanuel Southworth, formerly pastor of All Souls church, figures in "scarce head stories" in the Denver papers his name being connected with that of a widow. A dispatch from Greeley, Colo., to the Denver News is as follows: Greeley, Colo., March 30.—Rev. Victor E. Southworth, a dapper little gentleman, dressing with good taste, of some thirty odd years of age, with a Vaudeville cut to his whiskers, came to this city ostensibly on his summer vacation during the warm summer months of 1897 and temporarily offered his services to the Unitarian society. For a brief time he impressed his hearers so favorably that he was engaged to fill the pulpit for a year at a moderate salary. He soon drew a large congregation to hear him as he spoke both eloquently and learnedly on such sensational topics as "Manhood," "Womanhood," "If I Were a Woman," "Motherhood," and "The Ideal Love." All these subjects were handled so deftly that soon his church was too small to accommodate the crowds who desired to hear him, but as time wore away it was noticed that he paid more than ordinary attention to a certain widow named Nellie Jastrowitz, and as the matter grew it became offensive to the friends of both parties. Indeed, it seemed that the woman was infatuated.

Took His Family West.

In due time he returned to Janesville, Wis., and a month or six weeks ago he brought back with him his family, consisting of a wife and three children. Again he entered on his labors, drawing the usual crowds. However, his attentions to the widow continued, and on being remonstrated with he declared that his love for her was pure and spiritual and it is also said that she made a little statement, but the upshot of the matter was that Mrs. Jastrowitz left her own home, where she resided with her father and mother and a son of some 13 years of age, and took up her residence with the minister and his family, to the utter amazement of all her friends.

Her father and mother, Mr. and Mrs. N. W. Hall, who have resided here since the early history of Union colony, and are among the most highly respected people in Weld county, were powerless. She declared her determination to never return to her home, but to follow the fortunes of the smooth-tongued divine and to marry him as soon as a divorce from his wife could be obtained.

Got the Cold Shoulder

On Sunday last the trustees of the church cut off the electric lights and left him in the dark, notifying him that his services were no longer desired or acceptable. To this, however, he demurred and expressed a determination to not only preach, but, if refused the opportunity, to bring an action against the church society for a breach of contract. His belligerent attitude soon changed, however, when he was told by the city marshal to be on the lookout as a mob was forming to treat him to a coat of tar and feathers.

Imagine the surprise of the people this morning, as the 9:05 morning train pulled in at the depot to find the reverend gentleman, his wife and the widow on the platform in waiting. He was seen to kiss his wife good bye, who also kissed Mrs. Jastrowitz, when the pair boarded the train and were soon speeding toward the sunny south. The mother of Mrs. Jastrowitz is prostrated by the scandal, and is hovering between life and death. Mrs. Jastrowitz is possessed of considerable in her own right, which may constitute a factor in Southworth's affections.

The Woman in the Case

Rev. Victor E. Southworth and Mrs. Nellie Jastrowitz arrived in Denver early yesterday morning. After getting breakfast they went to the residence of William C. Packard, 1145 Pearl street, but were unable to find the family at home. Later Mrs. Jastrowitz called and found Mrs. Packard, to whom she related her story. Southworth called on Mr. Packard at his office and related his side of the trouble, later calling on other friends and registering at the New Markham about midnight last night.

Mrs. Jastrowitz was carefully preserved from reporters. She is a woman about 40 years old and hardly blessed with the fatal gift of beauty, other gifts probably making up for that. She is the widow of the late Simon S. Jastrowitz, whose several years ago, was a member of the firm of A. Z. Salomon & Co. She has one son,

about twelve years old, and at one time was quite prominent in Denver. For half a dozen years she has been living with her parents, the Halls, of Greeley, where she bore a good reputation until the coming of the youthful appearing and eloquent Southworth, to whom, rumor came to her friends in Denver, she became fondly attached. She makes a statement.

A call at the Packard residence last evening brought out the information that Mrs. Jastrowitz could not be interviewed. She had not heard that the facts of her escape from Greeley had become public property, and after being assured that they had—Mr. Packard acting as messenger—the lady consented to be interviewed by herself. She gave out the following signed statement:

"On Saturday last I accepted a cordial invitation from Mrs. Victor E. Southworth to make my home with her so long as I needed the support and sympathy of friends. This morning I came from Greeley to Denver, under the escort of Rev. Victor E. Southworth, with the knowledge and approval of his wife. My relations with Mrs. Southworth are those of the warmest sympathy and confidence. Whatever misconstructions have been placed on their conduct or my own I am powerless to prevent, but I take this opportunity to affirm by absolute friendship for them both and my confidence in their absolute friendship for me. It is my concern of the world, let it be known that their home is mine as long as I care to make it mine. I would gladly accept any opportunity to vindicate the purity of my relations with Mr. Southworth.

NELLIE JASTROWITZ.

Feared a Fiercer Court.

Mr. Southworth had a statement for the public written. It stated that the life of Mrs. Jastrowitz with her parents was probably unbearable and that he had invited her to take up her abode at his house "because of the foul abuse of her father." Mr. Southworth says he wants a proper opportunity to vindicate himself, but intimates that it could not be secured in Greeley, where there is danger of a tar and feather party, should he return. Sunday night, he said, he went to the church and was stricken with consternation to find it locked and dark. Monday he wrote a letter to the board of trustees conveying his resignation. Monday night he was compelled to seek the protection of Henry Watson, and Tuesday night he spent at the residence of Attorney Haines. He says he does not expect to return to Greeley, except to remove his wife and three children. Regarding the intimations that he was willing to secure a divorce from his wife, that he could marry Mrs. Jastrowitz, Mr. Southworth said:

"In the face of the gospel as to my intention to secure a divorce from Mrs. Southworth, the only grounds for such intimations are these: Mrs. Southworth and I agreed with each other that if it were possible—which it is not, since we neither have any charges whatever to bring against the other—that we would gladly make such a sacrifice if by so doing the interests of our cruelly suspected friend could be served."

Is a Woman Killer.

Southworth appears to be a man who would dazzle a susceptible woman, yet would fall into his own meshes. His face at first glance seems open and frank, yet sensuous lips are partially concealed by a beard and mustache. He is evidently a fluent talker and willing to select such subjects for sermons as would crowd a church to the doors. He was pastor of the All Souls church of Janesville, Wis., before going to Greeley, and previous to that was in charge of the First Unitarian society, of Ware, Mass. He graduated from the Meadville seminary about seven years ago, and appears to be probably ten years younger than the woman with whom his name has been associated.

He Ran to Women

Fort Collins, Colo., March 30.—The Rev. Victor Southworth, who left Greeley with Mrs. Jastrowitz today, was well known in this city. He had arranged a series of lectures in this town, the first of which on "The Ideal Woman," has already been delivered. Another lecture was due tonight, but the Rev. Mr. Falconer, who is the minister in charge of the Unitarian church here, and who has been in Greeley making an investigation into the matter, says that the lecture tonight will not be delivered. It was on "If I Were a Woman." The other lectures were to have been on "In Search of a Wife," and "If I Had the Choice of a Mother-in-law." As to the result of the investigation the Rev. Mr. Falconer will not say anything.

MISS WILLARD'S LETTERS

They Are Being Collected for Use in Her Biography.

Since the death of the late Frances E. Willard, an extra effort has been made by her secretary, Miss Anna Gordon, to collect all letters and other manuscripts that were from the pen of the deceased.

These manuscripts are now considered valuable, and are in demand. Willard Robinson, of this city, a relative of the deceased, has been busy of late collecting all letters that were written by Miss Willard to this city, for the purpose of forwarding them to Miss Gordon at Chicago.

Burgers that will please you and give good satisfaction in all respects. F. A. Taylor.

CONFLICTING STATEMENTS REGARDING THE IMBROGLIO

Spanish Fleet Has Arrived in Cuban Waters, and It Hasn't—Spain Will Recede, and She Won't—Congress Will Declare War, and Will Secure Peace.

Key West, April 2.—[Special]—The battleship Indiana left suddenly at midnight and put out to sea. Her destination is a mystery.

Key West, April 2.—[Special]—It was rumored here last night that General Lee had hurriedly left Havana. The cruisers Cincinnati and Olinde got up steam last night and sailed from this harbor. The r destination is believed to be Havana. Naval officers' families are said to be preparing to leave Havana at a moment's warning.

Not Confirmed.

Washington, April 2.—[Special]—The report that the Spanish torpedo flotilla has arrived at Porto Rico is not yet confirmed.

Officially Denied.

Washington, April 2.—[Special]—The Spanish fleet has not arrived at Porto Rico. Positive information has been received.

WHAT THE COMMITTEE SAYS

Policy of Congress Outlined By Senate Foreign Committee

Washington, April 2.—[Special]—The sub-committee of the senate committee on foreign relations appointed to draft a report and prepare a form of resolutions outlining a course of action which this government shall pursue toward Spain with reference to Cuba, have come to a conclusion, and will report to the committee today. They will recommend the adoption of a resolution declaring in the first place, for the recognition of the independence of the Cuban republic, and second for the intervention by the United States with her army and navy for the purpose of assisting the Cubans. The report will describe the Maine disaster, and demonstrate it sufficiently as a declaration of war, at this country were making it also touching upon the injury to American interests caused by the Cuban struggle as a full justification for our interference.

AFFAIRS IN STATU QUO

No Change in the Aspect of Affairs Reported From Washington

Washington, April 2.—[Special]—The situation as it appears today is most critical. Negotiations between Washington and Madrid have ceased. Although each country still maintains diplomatic relations, they may be severed any moment.

The president will send his message to congress probably Monday. If the message is strong and firm, congress will accede to his wishes. If it shall be otherwise, congress will take the matter in its own hands.

The Maine matter is not being lost sight of. The senate foreign relations committee, which is now considering the report of the board of inquiry, may make the destruction of the vessel the basis for a formal declaration of war.

SENATOR MITCHELL WOULD FIGHT

Hot Words in Reply to a Telegram From Milwaukee Business Men.

Washington, April 2.—Senators Mitchell and Spooner and each member of the Wisconsin delegation in the house, today received the following telegram from leading business men of Milwaukee, which they consider as an endorsement of their position on the Cuban matter:

"The business people and conservative elements of the country at large are in favor of peace, if the same may be maintained with honor to our flag and believe the overt acts or expressions of hostility on the part of the United States should be avoided. If Spain should force war upon us the situation of course would be entirely changed, but war should be deprecated except as a last resort after all diplomatic efforts have failed. Any reasonable concession on the part of Spain should be met in a conciliatory spirit."

Senator John L. Mitchell sent a warm reply to the telegram. He said: "There is such a tinge as placing the almighty dollar too high. There is a limit to all endurance, and it seems to me that we have already stood too much from Spain. I have been very conservative on the Cuban question, but it seems to me that if we were efficient sailors and officers we must protect them."

"The navy is the safeguard of our land, and the business interests cannot go too far in seeing that the honor and dignity of the service is upheld and the lives of the men and officers protected by force of arms if necessary. If this is not done we may find that when we are in a tight hole we cannot get efficient officers. The sinking of the Maine was one of the most distasteful crimes in the history of the world, and we cannot afford to let it pass without an act of the most radical kind."

"I consider the situation most critical. Spain must back down or fight. If she has refused to recognize the independence of Cuba, as I am told President McKinley informed her she would have to do, she did it with her own

eyes open to the consequences and she must face the music. The senate will certainly take some action, and delay only tends to intensify the resentment against Spain."

Congressman O. J. has also replied to the effect that Spain must back down or fight.

RESULTS OF DELAY

Spain Has Obtained Great Advantage Within the Past Few Days

Chicago, April 2.—Walter Wellman, the Washington correspondent of the Times-Herald, who has been a persistent though sometimes illogical believer in the peaceful settlement of the difficulties with Spain, telegraphs his paper as follows:

Naval men are greatly disappointed because of the slow movement of events which prevented them bottling the Spanish cruisers up in Havana, and also interfered with their plan of intercepting and either capturing or destroying the torpedo boats.

This disappointment will be felt in congress as soon as the facts become known, and may exert a tremendous influence upon that body. It is already the belief of a great majority of the members of congress that if the United States must go to war with Spain—and there appears now little hope of averting it—the best thing to do is to move quickly and catch the enemy before he shall have time to gather his forces. If war had come twenty-four hours ago only ships which Spain has in American waters today could have been bottled up in Havana, and if the flying squadron had been sent out three days ago there would have been an excellent chance to intercept the torpedo flotilla. This may still be done but not without a naval battle between our squadron and the two Spanish cruisers. It is admitted the Vizcaya and Oquendo are a match for any three or four ships of the flying squadron.

The probabilities are that the first naval engagement of the war—if war is to be—will be fought in the vicinity of Porto Rico with the existence of the torpedo armada as the price of the combat.

THE SENATE WILL ACT.

Foreign Relations Committee Recommend Armed Intervention.

Washington, April 2.—[Special]—The sub-committee of the senate committee on foreign relations has finished its resolutions outlining the course this government should pursue in dealing with Spain. The committee recommends the recognition of the independence of Cuba and armed intervention by this government to aid the Cubans to secure independence.

THEY CRY FOR VENGEANCE.

The Maine Tragedy Now Uppermost in the Public Mind.

Washington, April 2.—[Special]—"Vengeance for the Maine" is the cry now heard more than the talk of war with Spain for Cuban independence. The destruction of the battleship has been brought to the front since diplomacy in the Cuban question failed, and some sort of decisive action by congress may be looked for.

VETERANS SPEAK THEIR MINDS

Discuss the Cuban Question and Adopt a Patriotic Resolution

One of the most enthusiastic and patriotic meetings of the boys who wore the blue from '61 to '65 was held at Grand Army headquarters last night.

Commander C. D. Child said the meeting was called for the purpose of getting better acquainted and renewing old associations. Comrade H. W. Thompson, post chaplain, made a feeling and patriotic prayer, and delivered an enthusiastic impromptu address on the Cuban situation. He was followed by Capt. Pliny Norcross, who gave one of his characteristic impromptu speeches on the same subject, which held the closest attention of the audience for half an hour.

Both speakers were loudly applauded and the following resolution unanimously adopted: Resolved, That we are in favor of armed intervention if need be to stop the uncivilized warfare in Cuba.

War is to be declared in this city within a short time against all owners of defective sidewalks. Now that the snow and ice have disappeared, complaints are coming in from all sections of board and concrete walks that are in anything but good condition. The aldermen say that spring is the time to get after the sidewalk owners, and many favor a rigid canvass of the town sometime this month.

WORK FOR GOOD TEMPLARS

Progress of the Order Is Satisfactory to Its Well Wishers.

People's Lodge No. 460, I. O. G. T. held an interesting and profitable reunion at their hall in Court Street church block last evening. Two candidates were initiated. The initiation team of the local lodge had charge of the initiation, and performed their parts in a very able manner. BELOIT BOYS EASY WINNERS

Janesville Base Ball Team Was No Match For Them Yesterday

Janesville ball players didn't do very well in Beloit yesterday afternoon. At Keep Athletic field they met the Beloit college team on the base ball diamond, and when the game was over the score stood 20 to 1 in favor of the Line City boys. The grounds were wet and in poor shape, if they had been in good condition the score probably would have been more than that.

The Janesville team lined up as follows: Pitchers, Fred Blakely and Roy Palmer; catcher, Ben Carle; short stop, Hugh Glennon; first base, Maurice Crall; second base, J. O. Kline, third base, Chester Brewer; left field, P. Kearney; center field, R. Y. Palmer and Fred Blakely; right field, Len Matthews.

A return game will be played between the Beloit College team and a picked Janesville nine at Athletic park on Monday, April 4, at 3 o'clock. An exciting contest is promised, as the home team will be strengthened by several good men.

Spring Medicine

Experience teaches the importance of special care of the health.

And fixed among the important principles of hygiene and health is the acknowledged necessity of a good Spring Medicine.

Just as firmly established by the experiences of millions of people, is the positive fact that Hood's Sarsaparilla is "far and away" the best blood purifier and spring medicine ever produced. The necessity is found in the impure condition of the blood at this season, owing to the close confinement and breathing vitiated air in office, store, shop, house, schoolroom or factory; excessive eating and drinking too rich and hearty food; late hours and social indulgences. With the blood thus thick and impure, the machinery of life grinds hard.

Hood's Sarsaparilla purifies, vitalizes and enriches the blood, builds up and strengthens the nerves and tones the stomach. It oils up the machinery of the whole body; the liver takes up its work anew, the kidneys resume activity, the ache goes out of the back, the bowels are regulated, the appetite restored, the food is relished and assimilated.

Don't wait till you are thoroughly sick before you begin to take a Spring Medicine.

Lock the door before the horse is stolen.

Take Hood's Sarsaparilla now as a preventive and it will pay you a thousand fold in health and strength through the coming summer.

"We always take several bottles of Hood's Sarsaparilla in our family every spring as a tonic and blood purifier and we find that it overcomes that tired feeling gives new life, and keeps us well all summer." WM. RINGEL, 813 5th Ave., Peoria, Illinois.

Excellent Spring Medicine.

"For a number of years I have taken Hood's Sarsaparilla in the spring, not for any particular ailment, but on general principle, that the system needs a tonic at this time, and I have always found Hood's Sarsaparilla a most excellent spring medicine." HAKON HAMMER, Engineer, Pottstown, Pennsylvania.

That Tired Feeling.

"I was troubled with that tired feeling all the spring. I purchased three bottles of Hood's Sarsaparilla, and when I had taken about half of it I was feeling well again. I believe Hood's Sarsaparilla to be an excellent blood purifier and tonic." MISS ORA E. MORGAN, Busey, Illinois.

Builds up the Health.

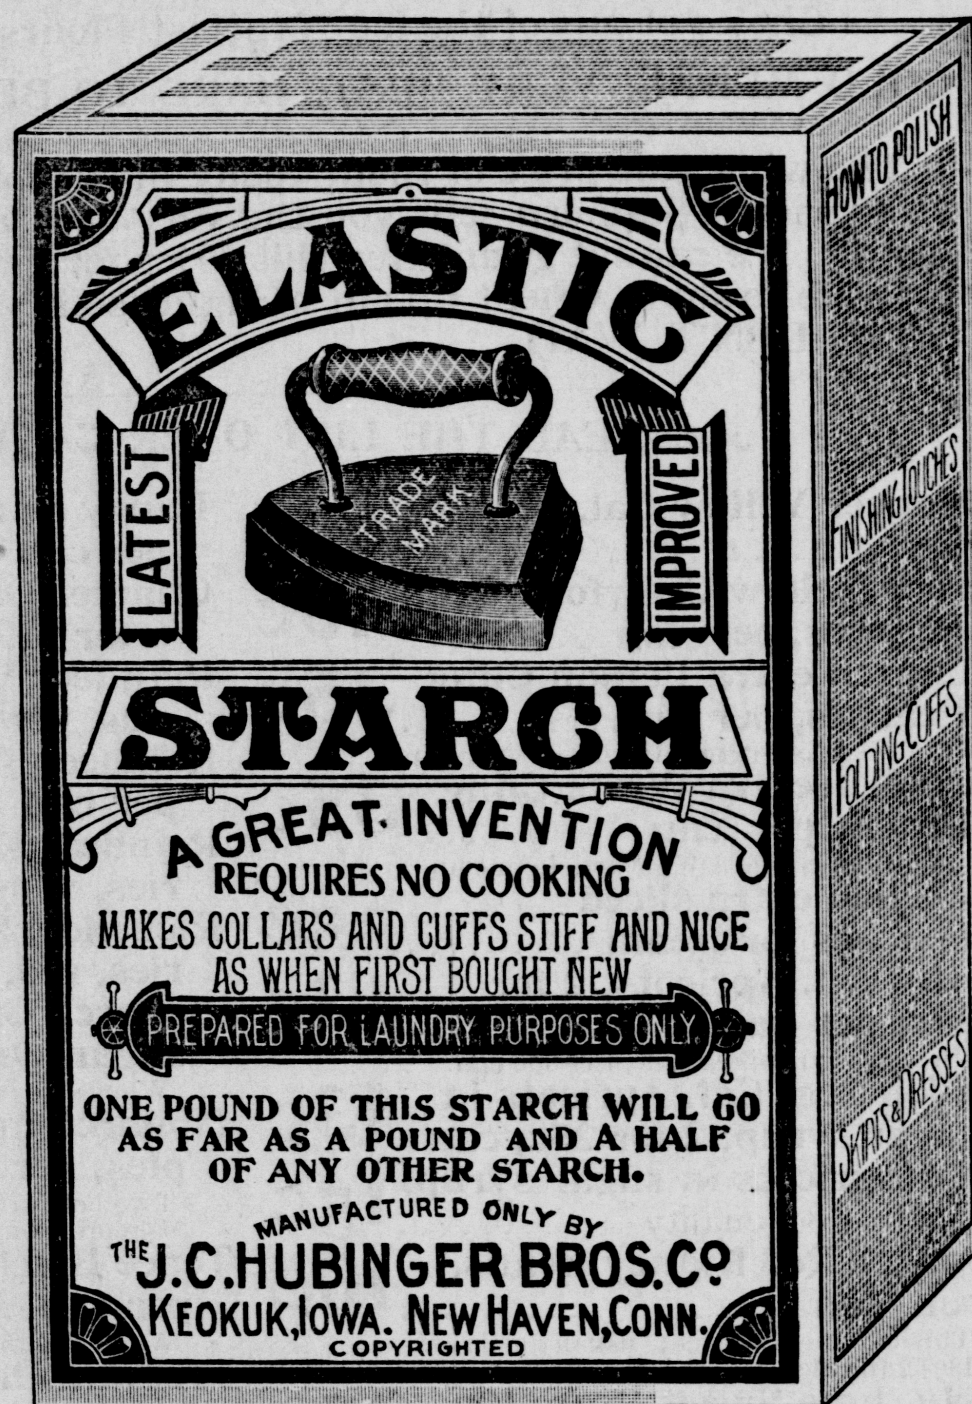

"We take Hood's Sarsaparilla as a tonic in the spring. Two of our children had tonsillitis and their blood was in a bad condition. Hood's Sarsaparilla built them up, and we have taken it again this spring with much benefit." MRS. P. H. CAROON, Pleasant Lake, Mass.

IT IS A STRONG TICKET.

The republican ticket is an exceptionally strong one, and should receive the hearty support of all people who want to better the city government. The names on the list cannot but impress the tax payers. All the candidates are men of ability, character, and standing. James A. Fathers is widely known as a business man and a capable city official. Henry S. Sloan is one of the prominent attorneys of the city. W. S. Jeffris, president of the Merchants' & Mechanics' Savings bank, is widely and favorably known. George H. Palmer is the sort of "hustler" that the city needs, while M. P. Richardson has made an ideal justice. These men are the nominees on the city ticket, and better candidates could not have been selected.

The ward tickets are also exceptionally strong and the aldermanic candidates are all business men in whom the people have implicit confidence. Frank E. Fildes, the popular lumberman is the nominee in the First ward; William Burchell, one of the city's solid citizens is the choice of the Second ward; Edwin F. Carpenter, the well known lawyer will be elected in the Third ward; W. G. Palmer, the veteran business man and druggist will certainly be chosen in the Fourth ward, while W. H. Jones, of the Woolen Mills, will succeed himself in the Fifth ward. Good government demands the election of these men and they will all be elected.

The candidates for supervisor are: W. W. Porter, the well known leaf dealer; C. D. Child, of the Janesville Machine company; J. L. Bear, the former sheriff; W. H. H. Macdonald, the well known coal dealer, and W. G. Brandt, one of Janesville's most respected residents.

School commissioners will be elected in but two wards—the Second and the Fourth. Fred L. Clemens, president of the board will succeed himself from the Second, while A. G. Anderson will be elected from the Fourth. Both of these men have served on the Board of Education, and have rendered valuable services.

The candidates for constable are also well known men. H. B. Kenniston, A. K. Cutts and Wallace Cochrane have had many years of experience, while C. N. Riker is a man of courage and ability and would make an ideal officer.

Vote the ticket straight. The interests of the city demand its election.

EX-GOV. PECK AS A PATRIOT

Ex-Governor George W. Peck recently showed that politics became a secondary consideration with him when the welfare of the country was involved. While returning from Lake Koshkonong a few days ago, he stopped at the Fort Atkinson postoffice for a few moments. A knot of men discussing the Cuban situation, and one of them said:

"Governor, I think our president is weak, and I am losing confidence in him."

"Stop right where you are," said the ex-governor warmly. "Mr. McKinley wants time to convert the steam launches and sea-going tugs bought by the government into torpedo boats. Stand by the president. Give him time. He is all right."

The knot of men listened with close attention, and the ex-governor's words impressed them deeply. They evidently expected him to denounce the president, but his patriotic utterance was spontaneous. He spoke simply of "the president"—not the republican president, or the democratic president, but of the American president, thus showing that as a man and a citizen he placed the welfare of the nation above the welfare of a political party, even if he is the state chairman of a party opposed to the administration in power.

All good citizens will applaud ex-Governor Peck's unstudied utterance,

and commend the spirit that prompted it.

Police Inspector Michael Schack, of Chicago, is critically ill. Inspector Schack is said to have more close friends and more bitter enemies than any man connected with the police department, which fact would indicate that he has attended to his duties faithfully. His work has won him a world-wide reputation, his connection with the Haymarket anarchist cases being especially notable.

D. S. Rose, the Milwaukee democracy's leader, seems to lean toward liberal suits. He has threatened The Sentinel, and sued The Germania and the Abend Post. It will also be remembered that he threatened to sue The Janesville Recorder, on one occasion, when he was mayor of Darlington.

A good man will not down. The story of the assassination of President Krueger is denied; if Steve Brodie is dead his body cannot be found; and Frank James, who was reported transported is raising a company to go to Cuba.

Janesville people, it would appear, have full confidence in President McKinley and are willing to rely on his judgment.

The strain on Sylvester Scott is getting greater each day, and it is feared that "Silly" will break down.

Justice Bardeen, of the supreme court, has no opposition, and is running on a non-partisan ticket.

EDITOR GAZETTE—Will the policemen appear in uniform on April 15th? CONSTANT READER.

No. Not until May 15th.

The story of the assassination of President Krueger, is denied. Oom Paul is still alive—and kicking.

After next Tuesday the Milwaukee people will hear a good deal less about David S. Rose.

The full republican vote should be cast for the full republican ticket next Tuesday.

Speaking of Ohioans, what's the matter with Assistant Secretary of State Day?

Starving Hearts

Are Hungry Hearts—Hearts Whose Store of Energy is Exhausted—Whose Vital Force Is Gone. Feed Them With

DR. MILES' NEW HEART CURE,

The Great Heart and Blood Tonic.

Nearly all ill health is due to over-exertion, improper or insufficient nourishment, or both. Fatigue affects the heart action, which in turn retards the circulation, deranging the stomach and liver and polluting the blood with impurities from the worn out tissues. The muscular power is reduced. The nerve force is exhausted. Nature is powerless and cries out for help. Dr. Miles' New Heart Cure is the best known medicine for overworked men and women. It makes the digestion perfect, the appetite keen, and promotes the natural activity of the entire nutritive organism. It makes blood—pure, rich, life giving blood—and lots of it. It invigorates the nerves, builds solid flesh, and puts an end to the slow starvation that is at the base of the many diseases.

Mrs. A. J. Barrows, Harvard, Ill., although past middle life is as blythe and cheerful as many matrons twenty years her junior. She says: "My case is one of long standing. I have been troubled with my heart for many years. It finally became so bad that I could do nothing about the house. If I attempted to sweep or help with the house work, my heart would flutter and I would be taken with fainting spells. I could not rest a night, and when I laid down I could not breathe, but felt that I was being smothered. I had employed physicians and tried medicines without receiving benefit, and had lost faith in everything of the kind. My son finally induced me to try Dr. Miles' Heart Cure and after taking the first bottle I felt a decided change for the better. I used it sever-

al weeks and my health was restored. I can sleep well, eat well and feel better than I have in twenty years."

Dr. Miles' Heart Cure is the most reliable heart medicine known, and will give relief when others fail.

A weak heart affects all other organs of the body by depriving them of nourishment. It is frequently accompanied with nervousness, irritability, unsound sleep, morbid fears.

A POSITIVE GUARANTEE.

You run no risk in giving Dr. Miles' Heart Cure a trial. If the first bottle fails to benefit you, take the empty bottle to your druggist and get your money back. All druggists are authorized to sell the first bottle with that understanding. Book on the heart and nerves sent free. Address, Dr. Miles Medical Co. Elkhart, Ind.

JOHN B. EHLE DIES AT A RIPE OLD AGE

WELL KNOWN PIONEER BUSINESSMAN IS NO MORE

The End Came at His Glen Street Home Last Evening—Was Engaged in Trade For Many Years, Coming From New York—The Funeral Arrangements.

John B. Ehle, one of Janesville's best known pioneer business men, passed from earth at 9:45 o'clock last night at his home, 127 Glen street, aged 82 years.

Mr. Ehle came to Janesville from Oenova, N. Y., in 1850 and had made this city his home ever since. He was engaged in various kinds of trade, and being a shrewd and far seeing business man, amassed a considerable fortune. For many years he conducted an eating house on South Main street, occupying a building on the site now occupied by Daniel Ryan's livery barn. Later he opened a jewelry store on North Main street. Afterward he engaged in the grocery business, succeeding James Mansur, in a small store on the site of Frank F. Pierson's gun shop. As his trade grew he enlarged the building until the present two story block was the result. He continued in the grocery business until about 1875, when he sold the business to his son, John B. Ehle and Arthur Whittier. They removed the stock to the store now occupied by the Troy steam laundry and Mr. Ehle engaged in the gun and sporting goods business at the Pierson stand. For eight or ten years he managed the business and in 1883 retired. Frank D. Pierson has since run the gun shop, having bought both the stock and the building of Mr. Ehle.

A Strong Personality.

Mr. Ehle was a man of strong personality, and became widely known throughout Southern Wisconsin. He enjoyed a joke keenly, and was always ready for an exchange of pleasantries. He took a prominent part in the business affairs of the early days, and his stories of the pioneer who saw Janesville grow from a "cross road jumping off place" were very interesting. He never tired of telling these stories, and was always certain of a knot of listeners when he grew reminiscent. He loved to carry an unlighted cigar in his mouth, and always had a few words of pleasant banter for the many persons who, not knowing that he did not smoke, would innocently offer him a match.

Previous to his retirement from business, and in fact almost to the time of his death, he was an early riser, and on his way down town before many people were astir. He was very regular in his habits, and his neighbors always said that they could set their clocks by his movements.

Of recent years Mr. Ehle has aged rapidly, and his step became infirm. He began to abandon his regular trips down town, and of late his presence at the stores on North Main street, where he was wont to spend an hour or so each day, was as much of a novelty as his presence used to be in the years gone by. His friends noticed his decline, and it became apparent that his long life was nearing an end.

His Fatal Illness.

About two months ago Mr. Ehle suffered a partial stroke of paralysis. His recovery, was rapid, however, and he was able to be up and about. Later he became ill again, and a form of gangrene attacked his leg. He grew worse quite rapidly, and the end came last night. His aged wife has also been ill for some time past, although her condition has shown improvement of late.

During his sickness Mr. and Mrs. Ehle had received all the care and attention that dutiful children could give them. Their daughter, Mrs. Mildred F. Ide, and their son-in-law, Mr. Ide, had been at their bedside constantly ready to respond, day or night to the ministrations of their comfort. Many people will hear of Mr. Ehle's demise with a pang of regret, as he was widely known and universally respected.

Beside the aged widow he leaves two children—John D. Ehle, and Mrs. Mildred F. Ide.

The funeral will take place from the residence of the deceased at 2:30 o'clock tomorrow. Persons desiring to review the remains may do so from 11 to 12 o'clock tomorrow.

Mrs. Marquisee Dies.

Mrs. Sarah F. Marquisee died at 9:30 this morning at her home, 58 North Academy street. The cause of her demise was pneumonia, she having been confined to her home but a few days.

Last Monday Mrs. Marquisee arose in her usual spirits and walked down town. During the first part of the week she complained of feeling ill, and was then obliged to take to her bed. Her condition gradually growing worse till the end came this morning.

The deceased was sixty-five years of age, and was well known in this city, where she has resided for several years, being held in the highest esteem by a host of friends. Two daughters are left to mourn her death—Mrs. Carrie Pugsley, of Elgin, and Mrs. Mate M. Vook, of Chicago. Notice of the funeral will be given later.

Thomas Goldsborough.

All that was mortal of the late Thomas Goldsborough was laid to rest this morning in Mount Olivet cemetery. At 9 o'clock mass was celebrated over the remains of the deceased at St. Patrick's church, the Rev. E. M. McGinnity officiating. The pall bearers were John O'Gara, John

Birmingham, John Biley, Patrick Lillia, Patrick Collins and Charles Viney.

Miss Anna Cullen.

THERE is a difference in buying shoes at a store that is out of the rut. Spencer's "newest" on the bridge is different from the old kind.

O'Leary, who was a trusted employee of the road, resided at Harvard with his wife, and thither his remains will be taken for interment.

ALL FOOL'S DAY IGNORED

Janesville People Neglected Time-Worn Traditions.

All Fool's day this year passed off in this city in a way that would indicate that the people in general, and even the children, are gradually forgetting that any such day was ever observed. Those who kicked at old hats, or attempted to pick up old pocketbooks that were nailed to the sidewalks, were indeed few.

March went out as its entrance boded according to the old tradition, and spring may now said to be truly here.

Forbids the Divorced to Wed.

New York, April 2.—The joint commission appointed by the general convention of the Episcopal church in 1892 for the purpose of revising the constitution and canons of the church has completed its task. One of the subjects which is sure to stir up strife in the church at large is the revision of the canon on marriage so as to forbid the marriage of either of a divorced pair during the lifetime of the other.

London, April 2.—A special dispatch from Madrid says United States Minister Woodford is making the necessary preparations to leave Madrid immediately in the event of a diplomatic rupture.

ANSWERS A QUESTION.

Mrs. Rorer's Reply In Ladies' Home Journal.

"I consider coffee, as it is usually made in the American family—a strong and from the pure bean—an injurious drink, especially for nervous people."

No doubt the student to whom you refer, can study better after taking a cup of coffee, but the new energy is caused by a stimulant the effects of which will soon wear off leaving him weaker in a vicious force.

If it is only the hot drink he requires why not take a cup of clear hot water or a cup of Oreal Coffee."

Mrs. Rorer is one of the most eminent authorities on food in America. She knows that Americans go on day by day using food and drink that sap their vitality instead of building it up, and it requires arguments of repeated to wake them up. Broken wreck of an easily stumbling along, unable to carry out their cherished plans, are all about us and their physical weakness is nearly always due to improper food and drink.

Coffee is a skilled destroyer of nervous strength. Postum Food Coffee is a delicious food drink made from selected parts of cereals that yield the elements nature demands for rebuilding the nerve tissues all over the human body.

If it has ever been served to you in a weak, unpalatable drink, have it made over again and use two spoons to each cup and know that the actual boiling continues full 15 minutes.

Our word for it, the Postum Coffee is delicious when properly made.

WASHINGTON IS SURPRISED.

The Navy Department Will Not Send the Flying Squadron from Hampton Roads—Believed to Be Occupying a Position of Advantage.

Madrid, April 2.—The Spanish torpedo boat flotilla has arrived at Porto Rico.

Washington, April 2.—The announcement that the Spanish flotilla had reached Porto Rico was quite unexpected in Washington and created considerable comment in naval circles. The arrival of the flotilla surpasses all forecasts as to the time necessary to make the trip and indicates that a high rate of speed was maintained across the ocean.

The president manifested much interest in the information. About the white house a good deal of surprise was expressed that the flotilla had made so swift a passage from the Canaries, and there was a disposition among some to whom the information was given not to credit it, the opinion being that it had been given out by the Madrid officials to prevent the flying squadron from sailing.

Notwithstanding this announcement, the flying squadron is to remain in Hampton Roads for the present at least. Secretary Long stated that the department believed that the present rendezvous of the squadron was the most available one from which the ships under Commodore Schley could operate in carrying out the purpose for which it was formed—that is, the protection of the north Atlantic seaboard. He added that no orders had been issued to Commodore Schley and that none were in immediate contemplation.

INCREASES THE N. Y.

House Votes Many More Craft—De Armond Urges the Necessity of Haste.

Washington, April 2.—After an exceedingly turbulent session of six hours the house Friday passed the naval appropriation bill, and then adjourned until Monday.

The war spirit was manifested in all the speeches, and overrode the naval committee itself by increasing the number of torpedo boats and torpedo boat destroyers to twenty-four, the bill as reported providing for but twelve.

The amendment of Mr. Cannon, chairman of the appropriation committee, to reduce the number of battle-ships to one was buried under an overwhelming majority.

The provision relating to armor plate, which in ordinary times would have precipitated a debate of several days, was disposed of in ten minutes, a proposition to decrease the price agreed to in the bill from \$400 to \$300 per ton being drowned in a chorus of nays.

Mr. Cannon during the course of the day announced the belief of a majority of the members that war would be upon us within a week, and Mr. De Armond of Missouri made a notable speech declaring that if hostilities were to come it was our duty to strike the first blow.

FRANCE MAY SIDE WITH SPAIN.

Her Ambassador Is Said to Have So Notified the President.

New York, April 2.—A Washington special to the Journal says:

At 6:30 o'clock Thursday night a cable message from the French government to the French ambassador at Washington for communication to the state department began coming over the wires. Hardly had this message in cipher begun when there was a message from the Spanish government to the Spanish minister at Washington. For hours these two messages ran.

From inside information received in this city it is known without a doubt that the message from France to President McKinley means that France has decided to intervene and if possible prevent war between the United States and Spain.

It was said further that in case of war the French government would take sides with Spain against this country. The long message was a request to the president to delay action and thereby prevent war. It is said to have stated further that France would brook no war which would imperil the large debt due from Spain to citizens of France.

TO BE GIVEN HIS PASSPORT.

Spanish Minister Will Be Sent Home Early Next Week.

Chicago, April 2.—A special dispatch to the Inter Ocean says:

"The Spanish minister, Senor Polo y Bernabe, will be given his passports early next week.

"President McKinley will today recall all the American consuls in Cuba. "Minister Woodford will be directed to ask for his passports and come home. All United States consuls in Spain will receive similar instructions."

Determined to Act Monday.

New York, April 2.—The Washington correspondent of the Journal says:

"Senator Davis, chairman of the committee on foreign relations, told the president Friday: 'We will not wait one minute beyond Monday.' Back of this answer stood Senator Davis of Minnesota, Senator Frye of Maine, Senator Foraker of Ohio, Senator Morgan of Alabama, and Senator Turpie of Indiana."

United States Can Gain Nothing.

London, April 2.—The Daily Mail says: "Every lover of liberty will wish the war as short as it is sure to be decisive. The United States can gain nothing for themselves by fighting Spain unless it be an addition to their honorable record as the apostles of freedom. It is a mere commonplace to say how great is Great Britain's anxiety for American success."

A Woman's Heart.

The wife of a clergyman tells the story of her suffering with neuralgia of the heart, with the hope that her experience may indicate to others the way to regain health.

Few bodily afflictions are more terrible than heart disease. To live in constant dread and expectation of death, sudden, instant death, with last farewells unspoken, is for most people more awful to contemplate than the most severe lingering illness.

The slightest excitement brings great suffering and danger to people so afflicted. Such was the experience of the wife of a well-known clergyman. She tells her story for the sake of doing good to others. "I feel," she said, speaking carefully and weighing her words, "that Dr. Williams' Pink Pills for Pale People relieved me of a lifetime of sickness and sorrow, and I cheerfully recommend them."

This grateful woman is Mrs. Wamsley, wife of the Rev. C. E. Wamsley, who lives on West Sheridan Street, Greensburg, Ind. She continued:

"My heart became affected after the birth of my youngest child, about six years ago.

"The pain was constant. Frequently it grew so severe I would be forced to cry out. 'I could not endure any excitement.

"It would increase the pain so I would scream and fall down in a state of collapse. In this condition I was helpless.

"These spells would come on me at home, in the street, or anywhere I might be. 'I could not sleep at night. I ate very little.

"Different doctors were called in. They said I had neuralgia of the heart, resulting from nervous prostration.

"The doctors treated me, but the relief they gave did not last.

"I was a physical wreck, when my eye fell on an item in the local paper describing how Mrs. Evans, of West End, had been cured by Dr. Williams' Pink Pills for Pale People. Her suffering was like mine.

"I hope other sufferers who read this account will have the faith I had when I read of Mrs. Evans.

"My husband bought me one box of the pills. The change they made in my condition was encouraging. I took another box; then bought six more boxes.

"All the time I gained in health, strength, hope, nerve force—steadily, surely!

"Before I finished the eighth box I ceased the treatment. I felt perfectly well, and the doctor said I was entirely cured."

To add weight to her story Mrs. Wamsley made affidavit to its truth before John F. Russell, a Notary Public of Greensburg. Neuralgia of the heart is only one of many serious evils that grow out of derangements of the nervous system or of the blood.

The remedy that expels impurities from the blood and supplies the necessary materials for rapidly rebuilding wasted nerve tissues reaches the root of many serious diseases.

It is these virtues that have given Dr. Williams' Pink Pills for Pale People their wonderful curative powers in diseases that at first glance seem widely different.

This famous remedy is for sale by all druggists for 50 cents a box; or six boxes for \$2.50.

So Many Interesting Items

Are claiming our attention in our furnishing department that we scarcely know which to take about first. There is our \$1.50 glove, for instance. We know of nothing so good at half a dollar more. The colorings are the newest.

There's our 50-cent neckwear. If the sort of stuff we see displayed in other stores at \$1 is any better we can't tell the difference—neither can you. Then, again, there's our 50-cent spring-weight patent-clasp suspender. When you see it you won't pay much attention to the one we are showing at \$1, but then we had bought the \$1 grade before we had seen these remarkable 50-cent braces. Then these double-soled lisle-thread half hose, in browns and tans at 25 cents, are wonderful value, as you will see at a glance. Real Irish linen handkerchiefs, with self and hemstitched edges, will attract you to them with their big value magnetism; and so we might quote a hundred or two more items, only we'd rather have you come to the store and see all these things and judge of their values yourself.

A Word About Repairs

Our repair department is in charge of a first-class tailor. We do repairing, cleaning and pressing of all kinds at moderate prices. If you have cloth you wish made up we will cut, make and trim it in the best manner. All clothes bought at our store we keep in press free of charge.
